## **Proceedings of the 4<sup>th</sup> Annual International Seminar on Transformative Education and Educational Leadership (AISTEEL 2019)**

### **Preface**

The 4<sup>th</sup> Annual International Seminar on Transformative Education and Educational Leadership (AISTEEL 2019) was held in Garuda Plaza Hotel, Medan City-Indonesia on 23-24 September 2019. This seminar is organized by Postgraduate School, Universitas Negeri Medan and become a routine agenda at Postgraduate program of Unimed now.

The AISTEEL is realized this year with various presenters, lecturers, researchers and students from universities both in and out of Indonesia participating in, the seminar with theme “Education, Learning and Leadership Innovation.”

The plenary speakers coming from various provinces in Indonesia have been present topics covering multi disciplines. They have contributed many inspiring inputs on current trending educational research topics all over the world. The expectation is that all potential lecturers and students have shared their research findings for improving their teaching process and quality, and leadership.

The fourth AISTEEL presents a keynote speaker and 4 distinguished invited speakers from Indonesia, Japan, Taiwan, and Thailand. In addition, presenters come from various Government and Private Universities, Institutions, Academy, and Schools. Some of them are those who have sat and will sit in the oral defence examination.

There are 310 articles submitted to committee, some of which are presented orally in parallel sessions, and others are presented through posters. The articles have been reviewed by double blind reviewer and 172 of them were accepted for published by Atlantis Press indexed by International Indexation and 96 papers are published by digital library indexed by google scholar.

The Committees of AISTEEL invest great efforts in reviewing the papers submitted to the conference and organizing the sessions to enable the participants to gain maximum benefit.

Grateful thanks to all of members of The 4<sup>th</sup> Annual International Seminar on Transformative Education and Educational Leadership (AISTEEL 2019) for their outstanding contributions. Thanks also given to publisher for producing this volume.

**Abstract-** Lexical Creation is study about language which focuses on the process in creating the new word by which lexical item appears among the language users. The purpose of this study is to investigate the lexical creation in Iis Dahlias slang words in mamaku hits. The objective of the research is to find out the types of lexical creation used by Iis Dahlia. The subject of this research is Iis Dahlia as the presenter in Mamaku Hits. The utterances of Iis Dahlia in Word or phrases were the data of this research. Descriptive qualitative method was used in this research. the instrument of this research was observation. the types of lexical creation were analyzed by using theory of Yule (1995). This research found nine types of lexical creation. the types were conversion, acronym, blending, coinage, borrowing, derivation, echoism, multiple process, reduplication.

**Keywords:** Types of lexical creation; Slang

## I. INTRODUCTION

Lexical creation is one of the types of lexical change which focuses on the process in creating the new word by which lexical item appears among the language users. In other words, word formation consists of analyzing the processes through which and the conditions under which neologisms are formed, including the concepts and cognition of language users [1]. Other reseach about lexical creation in African American experience [2]. Several reseachers have ever done relevant studies of lexical creation, language study, and so on. Other investigation about lexical creation in the patterns and meaings of English words through word formation processes of acronyms, clipping, compound and blending [3]. This research aimed to find the word formation process and the technique in understanding waria slang Tulungagung. And the result of this research were found waria slang are created the words by spontaneously and naturally and found ten types of word formation [4]. Other research about lexical creation, did a research of word formation process in everyday communication on Facebook. The study aimed at looking most common word formation among Malaysian Facebook users. they found the abbreviation process such as (clipping,

acronym, and combination of letters), blending and use emoticons which proven that the language used on FB among Malaysian adult is informal [5].

When Iis Dahlia described or explained about something in Mamaku Hits. she gave the diversity on the slang words from the others which had been ever used. There are some words in her utterances as showed below as the preliminary data, for example:

Sentence 1:

*“Udah mekong-mekong, abis itu kita pulang. Cepetan!. Udah selesai, abis itu kita buru-buru langsung polong.*

The word “Makan and pulang” is appropriate word in Bahasa Indonesia. In this case, Iis Dahlia creates the word of “Mekong” and “polong” has syllable *-ong*. The word “Makan” become “Mekong” and “pulang” becomes “polong” in slang words. It is defined because the syllable *-ong* is common used for Iis Dahlia. So, the syllable *-Ong* usually used in the slang words.

*“ Tambah amarah lagi kan, itu dia, itu anak mobilnya Ac nya*

*Metong”.*

The word “Metong” means “Mati” in Bahasa. In this case, Iis Dahlia create the word by change the word “ Mati” become “Metong”. She put the syllabele *- ong* in the last part after vowel letters. So, The reseacher found the pattern in creating the words by Iis Dahlia are the *vowel letters + Ong* are commonly used as the pattern to create the new term in her language (slang word).

The objective of this research is:

1. To describe the types of lexical creation in Iis Dahlia's Slang Words.

## II. REVIEW OF RELATED LITERATURE

Lexical creation is the process to create the language of the speakers use regularly. It means that the lexical creation of the word processes are some processes which created and used by the speakers unconsciously and regularly to create the new words in their language are presented. Obviously a new one must replace it [6]. Lexical creation is the creation of new lexical items is partly because of necessity and partly because of fashion. Necessity arises when a word is lost for linguistic reasons [7].

*Types of lexical creation*

Lexical creation are divided into twelve types. The are: conversion, compounding, clipping, acronym, back formation, blending, coinages, borrowing, derivations, echoism, multiple process, and reduplication [8].

TABLE I. TYPES OF LEXICAL CREATION USED BY IIS DAHLIA

No	Types	Total
1.	Conversion	11

8.	Reduplication	11
9.	Echosim	2
<b>Total</b>		<b>134</b>

*Conversion*

Conversion is the process changes the class of a certain word without changing its form.

*Compounding*

Compounding is a very wide – spread process of combining lexical categories into larger word groups with rules differing from languageto langugae.

*Clipping*

Clipping is indicateby deletion of one more syllable from multi syllable words, some apperant words in English.

*Acronym*

Acronym is a word formed from the initial letters of a name or by combining initial letters of parts of a series of words.

*Backformation*

Backformation is as process where a new word is formed by removing an imagined affix from another word.

*Blending*

Blending is typically accomplished by taking only the beginning of one word and joining it to the end of the other

word or it is the fusion of two words into one, usually the first part of one word with the past part of another.

*Coinage*

Coinages is one of the least common processes of word formation in English is coinage, that is the invention of totally new terms.

*Borrowing*

The process simply labled borrowing, that is taking over words from other language.

*Derivation*

Derivation is the forming of new words by combining derivational affixes or bound bases with existing words.

*Echoism*

Echoism a sound, either natural like the roar of a waterfall or artificial like the clang of a bell but the meaning may also be the reature that produces the sound like bobwhite.

*Multiple Process*

Multiple process is a compounding from Snow (n) + ball (n) and it is also included in the process of conversion because the word “snowball” can be both noun and verb.

*Reduplication*

*Reduplication*

Reduplication is the process of forming a new word by doubling a morpheme, usually with a change of vowel or initial consonant, as in tiptop, pooh-pooh, hanky-panky.

*Slang*

Slang word is a kind of a pure of high conversation word. Slang is word that are nonstandard and informal which is arranged in exclusively, sometimes slang is a result of accidental mistake, or sometimes in the form of destructions of a common a word to fill in other field meaning. Slang is nonstandard use of word in a language of a part social group. Slang terms are often particular to a certain subculture, such as: musicians, skate boarders and drugs users [9].

III. RESEARCH METHODOLOGY

This research is a descriptive qualitative. Qualitative analysis is applied to find out theoretically which one seems to be better Slang lexical creations found in Iis Dahlia’s Slang language in Mamaku Hits.

*Data and Sources of Data*

The data were lexical creation in the form of the words and phrases which is containt of slang words. The sources of data are Mamaku Hits from 2017 to 2019 and there were 42

episodes has been taken by the researcher. The reason is to limit the data. The researcher chose this program because the researcher found the uniqueness of words used by Iis Dahlia when she described or explained something.
